This winter was fun for our family. A winter trip to the island of St. John, a lively Christmas holiday and an Adirondack ski trip with the kids were some of the highlights for us. But now its growing season again! You can now find a bountiful crop of healthy annuals, perennials, herbs, vegetable plants, planters and hanging baskets in our greenhouse. We're also excited to have new varieties of coral bells, grasses and peonies as well as new artistic containers and pots that can help you make a statement with your flowers and plants.

This season is a time for rejuvenation – but rarely a time for rest for us! I hope to see you at the Saratoga Springs Farmers Market or our greenhouse this summer.

## In the Late Spring

The planting season has arrived! Our greenhouse is overflowing with flower and vegetable plants. We have:

- Over 150 annual varieties and 500+ hanging baskets.
- More than 100 perennials – many shade types! Choose from our 2", 4" or gallon sizes.
- 80+ varieties of vegetable and herb plants including tomatoes, peppers and cukes.
- Booth's Blend Compost –a high-quality mulch or soil amendment.

## During the Summer and Fall

Cut flower production moves into full swing with warmer weather. Our crew is cutting thousands of flowers each week and using an artistic touch in creating eye-catching floral designs. By autumn, we crank up production of seasonal arrangements including:

- Dried flower wreaths
- "Boxwood" trees
- Hydrangea wreaths
- Pumpkin centerpieces
- Evergreen wreaths
