Its spring again! All of us can use that feeling of hope and rejuvenation that warmer days, blue skies and a green landscape can bring – especially this year. I am inspired by growing interest around Saratoga in helping others in the community by buying from local businesses and protecting our natural environment. Our motto is: go green this spring, buy local flowers and plants! We look forward to this busy season as it gives us a chance to connect with new and old friends! I hope to see you at the Saratoga Springs Farmers Market or our greenhouse this summer.
